## PERSONAL PROFILE

.NET Developer with 2+ years of experience building and maintaining software solutions, including 1+ year of hands-on experience with .NET technologies. Skilled in ASP.NET Core and Microsoft ecosystem for developing scalable backend services and web applications. Focused on writing clean, maintainable code and contributing to production-ready systems, with a strong interest in system design and modern application architectures.

## WORK EXPERIENCE

### IT Testing Engineer – Internship

Azerconnect Group | Aug 2025 – Present

Assisted in manual testing of web and software applications by creating and executing test cases, scenarios, and plans based on functional specifications. Logged, tracked, and retested defects using bug-tracking tools, while collaborating with developers to verify fixes and improve software quality. Gained hands-on experience with the full software development and testing life cycles (SDLC and STLC).

### Contact Center & Customer Service Specialist

Avian Group | March 2025 – May 2025 (Part-time)

Handled inbound calls, emails, and inquiries, resolving complaints and providing accurate product information to ensure customer satisfaction. Promoted products to potential and existing customers by identifying needs, overcoming objections, and tracking interactions in the CRM system, while maintaining SLAs, participating in training, and collaborating with the team.

## EDUCATION

### Baku State University

Computer Science | 2023–2027

### Code Academy

FullStack Development | 2024–2025

## LANGUAGE

Azerbaijani – Native

English – Advanced

Russian – Beginner
